RDS SYSTEMS LTD

Loadmaster A50

LOADER SCALES

An on-board weighing system designed for wheel loaders operating in the fastest "load-out" environments.

rdssystems.co.nz

Highly Accurate

RDS Loadmaster Alpha 50 loader scales are a highly accurate, on-board weighing system for loaders that helps increase loading efficiency, cutting vehicle movements on site, increasing safety and ensuring trucks are correctly loaded first time.

It offers the input of a target weight from which it indicates the remaining load required. It also has a last bucket tip-off function that allows the adjustment of the final bucket load to the exact amount required.

Enhanced stores capability comprising 50 products, 100 customers and up to 5 different recipes designed around product mixing, dispensing and handling enables accurate record keeping and traceability.

Loadmaster A50, is the enhanced colour touchscreen replacement for the Loadmaster 8KIX is an on-board weighing system for larger loaders.
